

THE CITY

Warsaw is the capital of Poland and is the biggest city in our country.

Our school is located in the Mokotów district.

THE SCHOOL

Our school has been founded more than 130 years ago. Patron of our school is Maria Konopnicka. She was a Polish poet, novelist and writer of children books.

Students of our school.

THE PROJECT

„Redesign your town”

We decided to work on an abandoned building located hundred meters from our school. The building was previously used as a garbage trucks factory. Several attempts have been made to restore the building after it has been abandoned in the late 70's. However none were succesful. In 2009 the building has been bought by a private company to be used as a theatre, however financial difficulties arose and the project wasn't finished until 2013 when our school has proposed some ideas of redesigning the theater. Now we are working on making this a place for young adults.
